FASSBINDEREI SCHNECKENLEITNER

1
AUSTRIA

HISTORY

Fassbinderei Schneckenleitner is a fifth generation Austrian artisan family run cooperage that is located in Waidhofen/Ybbs, located in the foothills of the Austrian Alps. The cooperage was founded in 1628 and the Schneckenleitner family has been at the helm of the cooperage since 1880. Schneckenleitner produces premium quality puncheons and large format vessels and they are best known for their ovals and casks or rounds as they call them. The oak for these ovals and rounds (10 HL - 60 HL) are sourced 100% from Austrian Oak. However, the cooperage is also recently offering more Austrian Acacia, especially for aromatic whites.

TODAY

Fassbinderei Schneckenleitner is managed by Paul Schneckenleitner, who is a fifth generation Master Cooper from the Schneckenleitner family. Before managing the family cooperage, Paul gained invaluable experience by working in several Burgundy and Cognac based cooperages.

Paul Schneckenleitner in front of Weidling oak staves for puncheons and casks.

Schneckenleitner buys entire oak and acacia logs from forests they have been working with for generations. The logs are brought to their production site and the splitting, preparing and air drying of the wood is done on site. They cooper vessels made from tight grain Weidling Oak and Acacia that is sourced from forests in southern Austria.

STYLISTICALLY

Schneckenleitner has built their reputation on the production of their large format ovals and puncheons which are found in many of Europe's finest cellars. Because of the large format, the incredibly long and low toast, and significantly long air-drying time results in extremely low impact ovals, rounds and puncheons that respect the wine's fruit, freshness and minerality, while allowing for some natural micro-oxidation to occur. Their large format vessels work both on white and red wines.

Tight Grain Austrian Weidling oak in front of the Schneckenleitner stave mill.

Seasoned Austrian oak for puncheon and tank use.

500L Puncheon with valve.

30 HL Oval casks.

25 HL Conical tank.

STRONG POINTS

- Independently family-owned artisanal cooper where all important steps are still done by hand
- Reputation built on 10HL - 60HL+ Ovals and Rounds
- Also coopers 45 mm thick stave puncheons and conicals
- Directly buys and handles logs at stave mill located at the cooperage
- Air drying of oak is done on site
- Selection of 100% Austrian Oak and Austrian Acacia
- Long air drying time for wood preparation
- House toasts are the: AOC (Austrian Oak Complex) and AOE (Austrian Oak Elegance)
