Vincent Damy, Billon manager and 2007 meilleur ouvrier de France.

Since 1997 barrels produced at Billon are CTB certified (fûts de traditions Française- traditional French barrels). This unique label ensures a high quality barrel's traceability, drying, technical features and respect for tradition.

Tonnellerie Billon is part of the PEFC (Programme for the Endorsement of Forest Certification) which is the world's largest forest certification system that promotes sustainable forest management.

STYLISTICALLY

TONNELLERIE
Billon
BEAUNE - FRANCE

Several Billon innovation range barrels: *Subtil Option, Select, Chauffe 180 Min, Richelieu.

HISTORY

Tonnellerie Billon was created in 1947 by Gaston Billon, is located in Beaune and produces premium traditional forest origin barrels, puncheons and casks (225L - 820L) sourced from different French forests.

TODAY

Tonnellerie Billon is managed by Vincent Damy, who was awarded the prestigious "Meilleur Ouvrier de France" in 2007. Tonnellerie Billon along with sister company Tonnellerie Damy form Les Tonnelleries de Bourgogne or as it would translate to "The Cooperages of Burgundy", one of the few suppliers still able to offer oak selection by forest origin.

Renovated Billon cooperage facade.

Billon barrels are most well known for respecting the wine and being true to the varietal by showcasing the fruit on the nose and palate as well as offering tremendous length and enhanced minerality.

STRONG POINTS

- Forest Origin and Innovation Range of barrels
 - Forest Origins Range: Allier, Vosges, Nevers, Jura, Chatillon, Eastern European, Cîteaux, Jupille, Bertranges, Tronçais, Ardennes, Fontainebleau.
 - Innovation Range: Select, Richelieu, Côte D'Or
 - Innovation Options: Subtil, Chauffe 180 min
- Independently owned and part of Les Tonnelleries de Bourgogne
- Fire-bent or steam-bent and fire-toasted barrels
- Offers French oak barrels, puncheons, and casks (225L - 820L)

TONNELLERIE
Billon
BEAUNE - FRANCE

Jérôme Damy, Damy manager and 2007 meilleur ouvrier de France.

Tonnellerie Damy is part of the PEFC (Programme for the Endorsement of Forest Certification) which is the world's largest forest certification system that promotes sustainable forest management.

Tonnellerie Damy is one of the most renowned Burgundian Cooperages. The barrels are synonymous with the world's greatest Chardonnays and Pinots and are featured in many Côtes de Beaune and Nuits domaines. The distinctive and delectable house style is the reason you will find Damy barrels in many wineries around the world.

STYLISTICALLY

Damy barrels bring an elegance to the wine, softening the tannins and providing a creamy, rounded mid palate. Supporting and enhancing the fruit, they compliment both white and red varieties with a variety of forest options.

The ever growing popular Imperial barrel; a blend between Allier, Jura and Vosges forests, 3-Y Air Dry, and 2.5 hour toast only on embers.

HISTORY

Tonnellerie Damy is a third generation cooperage located in Meursault, Burgundy that was founded in 1946 by M. Roger Damy and produces premium traditional forest origin barrels, puncheons and casks (225L - 860L) sourced from different French forests.

TODAY

Tonnellerie Damy is now managed by Jérôme Damy who, like his father Jacques Damy in 1976, was awarded the Meilleur Ouvrier de France award in 2007. Tonnellerie Damy along with sister company Tonnellerie Billon form Les Tonnelleries de Bourgogne or translated "The Cooperages of Burgundy", one of the few suppliers still able to offer oak selection by forest origin.

Since 1997 barrels produced at Damy are CTB certified (fûts de traditions Française traditional French barrels) which is a unique label, ensuring a high quality barrel's traceability, drying, technical features and respect for tradition.

Barrels toasting in the Tonnellerie Damy toasting room.

The difference in color between a dark M+ and light Imperial toast.

STRONG POINTS

- Forest Origin and Innovation Range of barrels
 - Forest Origins Range: Allier, Vosges, Nevers, Jura, Chatillon, Eastern European, Cîteaux, Jupille, Bertranges, Tronçais, Ardennes, Fontainebleau.
 - Innovation Range: Exclusive, Rouge, Rouge 2, Estrella 45*
 - Innovation Options: Délicat
- Independently owned and part of Les Tonnelleries de Bourgogne
- Fire-bent or steam-bent and fire-toasted barrels
- Offers French oak barrels, puncheons, and casks (225L - 820L)

Lynnette Hudson - Sales & Technical Info

021 650 197

lynnette@bouchardcooperages.com

Katalin Pintacsi has been at European Coopers Hungary since its creation in 1997 and oversees daily activities.

European Coopers Hungary produces premium Hungarian oak barrels that are everything you would expect from a quality-driven artisan cooper.

Kristof and his team control the entire process in house, from sourcing and selecting 100% Hungarian logs from Hungary's best forests in the Zemplen and Mecsek hills, to seasoning the staves, and producing and finishing the barrels.

STYLISTICALLY

European Coopers Hungary barrels are either coopered exclusively with oak from the forests of Tokay, Mecsek or a blend of both forests. Tokay offers elegance and a fine tannin profile while Mecsek offers phenolic richness and palate weight.

HISTORY

European Coopers Hungary is a premium Hungarian cooperage that produces Hungarian oak barrels (225L - 500L). The cooperage is located two hours south of Budapest and is proud of remaining independent since its establishment in 1997. With over forty years of experience, Master Cooper Kristof Flodung has been at the heart of European Coopers Hungary since day one in 1997.

TODAY

European Coopers Hungary was co-founded by three respected Italian winemaking families that were searching for premium Hungarian oak for their wines. Vincent Bouchard is involved as a consultant on toasting and barrel technicalities.

After opening its markets and becoming part of the EU in 2004, there has been a resurgence in demand for Hungarian oak on the international wine scene.

Master Cooper Kristof between his signature Kristof barrel and a European Coopers Hungary barrel.

Partially owned by the Antinori family since its inception, European Coopers Hungary can be found in many noble Italian varietal programs.

STRONG POINTS

- Hungarian oak barrels and a special barrel
 - Special barrel: Kristof
 - Special Toast: Radiant White and Radiant Red
- The sourcing, cutting, splitting and ageing of the wood and coopering of the barrel is all done internally
- Independently owned cooperage
- Only 3-Year air dried oak
- Fire bent and fire and convection toasted barrels
- European Coopers Hungary purchases logs from parts of the Mecsek and Tokay forests that have the FSC certificate and the Natura 2000 certificate which both promote sustainable forest management
- Offers Hungarian oak barrels and puncheons (225L - 500L)

AUSTRIA

FASSBINDEREI SCHNECKENLEITNER

1
AUSTRIA

HISTORY

Fassbinderei Schneckenleitner is a fifth generation Austrian artisan family run cooperage that is located in Waidhofen/Ybbs, located in the foothills of the Austrian Alps. The cooperage was founded in 1628 and the Schneckenleitner family has been at the helm of the cooperage since 1880. Schneckenleitner produces premium quality puncheons and large format vessels and they are best known for their ovals and casks or rounds as they call them. The oak for these ovals and rounds (10 HL - 60 HL) are sourced 100% from Austrian Oak. However, the cooperage is also recently offering more Austrian Acacia, especially for aromatic whites.

TODAY

Fassbinderei Schneckenleitner is managed by Paul Schneckenleitner, who is a fifth generation Master Cooper from the Schneckenleitner family. Before managing the family cooperage, Paul gained invaluable experience by working in several Burgundy and Cognac based cooperages.

Schneckenleitner buys entire oak and acacia logs from forests they have been working with for generations. The logs are brought to their production site and the splitting, preparing and air drying of the wood is done on site. They cooper vessels made from tight grain Weidling Oak and Acacia that is sourced from forests in southern Austria.

STYLISTICALLY

Schneckenleitner has built their reputation on the production of their large format ovals and puncheons which are found in many of Europe's finest cellars. Because of the large format, the incredibly long and low toast, and significantly long air-drying time results in extremely low impact ovals, rounds and puncheons that respect the wine's fruit, freshness and minerality, while allowing for some natural micro-oxidation to occur. Their large format vessels work both on white and red wines.

Tight Grain Austrian Weidling oak in front of the Schneckenleitner stave mill.

Seasoned Austrian oak for puncheon and tank use.

500L Puncheon with valve.

30 HL Oval casks.

25 HL Conical tank.

STRONG POINTS

- Independently family-owned artisanal cooper where all important steps are still done by hand
- Reputation built on 10HL - 60HL+ Ovals and Rounds
- Also coopers 45 mm thick stave puncheons and conicals
- Directly buys and handles logs at stave mill located at the cooperage
- Air drying of oak is done on site
- Selection of 100% Austrian Oak and Austrian Acacia
- Long air drying time for wood preparation
- House toasts are the: AOC (Austrian Oak Complex) and AOE (Austrian Oak Elegance)

Optional Equipment

Please inquire for technical data sheet to include optional equipment and dimensions for all shapes and sizes.

Can produce any volume or configuration according to winery request.

Fred and Jacques Canadell in front of a French oak log destined for stave production.

Canadell oversees the entire manufacturing process of its oak alternative products for full traceability, from selecting trees in the forest to seasoning, splitting, air drying, toasting and the final packaging of the product. Canadell is part of the PEFC (Programme for the Endorsement of Forest Certification) which is the world's largest forest certification system that promotes sustainable forest management and a proud sponsor of the "ONF - AGIR" fund (Office National des Forêts - React) which is committed to the preservation of France's forests to ensure their sustainability and help mitigate the negative impacts of climate change.

STYLISTICALLY

The Canadell product line includes powder and chips for use during fermentation and post ferment aging, to dominoes and staves, which best showcase the qualities of French oak and show characters remarkably similar to barrel aging. Canadell bridges the gap between barrels and oak alternatives.

Canadell is fully vertically integrated from sourcing French oak logs to their premium French Oak adjunct product line.

Quality starts in the forest.

Technology and the human eye are used for log splitting.

Convection toasted staves.

Fire-toasted staves done by hand over a live flame, just like toasting barrels.

An assortment of different fire-toasted staves.

STRONG POINTS

- Company historically is a merrandier, ensuring control of its oak alternative product line from the source: the oak tree
- Complete in house integration from when oak is cut to packaging
- Family owned and operated
- Large selection of alternative products and toast levels
- Staves are evenly spaced and air dried outside in the elements for optimal ventilation and seasoning
- Fire toasted and convection toasted staves
- Chips, Dominoes, Barrel & Bung Inserts
- **NEW!** Innovation Chip Range: Crème, Chardo, Chocolat
